DR. KEYSER'S

PECTORAL SYRUP

CURES CONSUMPTION, CURES BRONCHITIS,

CURES COLDS, CURES ASTHMA,

CURES ALL DISEASES OF THE LUNGS.

I INVITE ATTENTION to some of the most extraordinary cures by my

PECTORAL SYRUP.

They are at home and any one who has doubts can inquire of the persons who have been cured by it.

Dr. KEYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS, WITHOUT CHARGE, FOR ALL THOSE WHO NEED HIS MEDICINE.

ATTEND TO YOUR COLDS.—A case of five years standing cured by

DR. KEYSER'S

PECTORAL SYRUP.

PITTSBURG, Jan. 11th, 1860.

DR. KEYSER:—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which for several years back had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your Pectoral Cough Syrup. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON.
Alderman, Fifth Ward.

PITTSBURG, Nov. 15th, 1858.

DR. KEYSER:—Although not an advocate of Patent Medicine in general, it affords me great pleasure to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be affected with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a cold.

I have been more or less, in my life affected with the severest colds of hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best medicine I ever found, purporting to cure the above; nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES.
Cashier, Citizens' Deposit Bank.

STEUBENVILLE, O., March 14th, 1859.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken.

J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Syrup sooner. I take great pleasure in saying that it is all you say it is. IT KNOCKED THE NOISE OUT OF MY COUGH, and the worst one I was ever afflicted with; I have not used more than one half of the bottle, and can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy.—You are at liberty to use my name in this regard as you think proper.

E. F. PRATT.
Messenger, Common Council, Pittsburgh, Pa.

PITTSBURG, May 11th, 1859.

N. B.—I am no stranger to my fellow citizens, and all who entertain doubts can consult me personally.

E. F. P.

READ THE TRUTH—DR. KEYSER: I have a daughter who has taken several medicines for a bad cough, who has taken several medicines for a bad cough, without benefit—among them Ayer's Cherry Pectoral. I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

JOHN DARIS,
Robison street, Allegheny.

PITTSBURG, December 21st, 1859.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a coughing and spitting, which commenced on the 4th of February last, and continued eight months. I employed the best physicians in the country, but my cough continued unabated until early in October. At this time I was advised to try your PECTORAL SYRUP, which, I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case. JOHN C. LITTLE, Peebles township.

Witness—B. M. KERR.

PARTON township, April 14th, 1857.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill with a bad cough which every one supposed to be consumption. His relatives told me he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life. JOHN M'GINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable "Pectoral Syrup." Almost everybody around us has the cold and are inquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles last week, and are now entirely out. Mrs. Alter and Mr. P. Maher, both of Blairsville, Pa., tell us they would not be without it in their families. In fact, all who use it once want it again.

J. S. WATTERSON & SON'S.

January 30th, 1860.

ANOTHER NEW CERTIFICATE—DR. KEYSER'S PECTORAL SYRUP.—I have been troubled with a cough and cold for several weeks—so bad was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely. Signed,

J. W. SIMONTON.
236 Liberty St., Pittsburg, Pa., Jan. 9th, 1860.

"STOP THAT COUGHING."—"How can I do it?"—"Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching seasons of the year. As we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral" in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburg with one of the most distressing contrary, mulish, unsubduable coughs we have ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact it seemed rather to improve by practice and to have acquired strength, potency and distressibility by the operation. In this state of the siege, we coughed our way to Keyser's, 140 Wood street, procured a fifty cent bottle of the Pectoral, took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered after a brief but unequal conflict with so formidable an adversary as Keyser's Cough Pectoral.—Brownsville Clipper, Dec. 14th, 1859.

DR. KEYSER'S PECTORAL SYRUP is prepared and sold by DR. GEO. H. KEYSER,

THOUGHTS OF THE NIGHT.

Another week has crept away,
Once more I sit alone
To brood o'er many an ill-spent day,
And wish that this were gone.
I vainly struggle to forget;
Old sins, old sorrows, haunt me yet.

I bury deep my guilty head,
And strive to think no more;
I dare not wish that I were dead,
For life were not then o'er:
I seek my bed, to dream, poor fool,
Determined will the heart can rule.

I shut the cheering daylight out
Ere yet the day is o'er:
The tramp of heavy feet about,
The city's distant roar,
Grate sullenly upon my ear,
I start—I wake—I strive to hear

For, stealing sweetly through them all,
I hear some plaintive song,
Whose simple accents used to fall
From a loved mother's tongue.
Her looks, her smile, me thinks I see,
The vision looks and smiles at me.

I stretch my arms to clasp the form
Which glows so life like there,
To kiss those lips, so soft and warm,
Sweet shadow of the air.
I thirst to lean that bosom on,
I stagger—shudder—it is gone.

Thus many a vision, sweet and wild,
Hath laughed me in the face,
Sometimes a little angel child
Hath filled the vacant place;
Hath stretched its hands, as if to bless,
Then vanished without one caress.

O! for a burst of childhood's tears,
To wash this guilt away!
O! for the love of earlier years,
To light this dark scene day!
From youth and friends by time removed,
Woe, woe to die thus unbeloved!

THE RAINY DAY.

BY LONGFELLOW.

The day is cold, and dark, and dreary;
It rains and the wind is never weary;
The vine still clings to the mouldering wall,
But at every gust the dead leaves fall,
And the day is dark and dreary.

My life is cold, and dark, and dreary;
It rains and the wind is never weary;
My thoughts still cling to the mouldering past,
But the hopes of youth fall thick in the blast,
And the day is dark and dreary.

Be still, sad heart! and cease repining;
Behind the clouds is the sun still shining;
Thy fate is the common fate of all,
Into each life some rain must fall,
Some days must be dark and dreary.

TAIL HOLT BETTER THAN NO HOLT.

The following laughable affair is from a book entitled *Fisher's River Scenes and Characters.* The incident is located in North Carolina It is the story of a man named "Oliver Stanly," who was taken captive by wild "Injins." After some consideration they put him in an empty oil barrel, and headed him up, leaving the bunghole open, that he might be longer dying. The prisoner relates some portion of his experience in this wise:

I determined to get out of that or bust a trace; and so I pounded away with my fist, till I beat it into nearly a jelly, at the end of the bar'l; but it were no go. Then I butted a spell with my nogging, but I had no purchase like old rams have when they butt; fur you know the back ever so far when they make a tilt. So I caved in, made my last will and testament and virtually gave up the ghost. It wur a mighty serious time with me for sure.—While I were lying thar, balancing accounts with t'other world, and afore I had all my figgers made out to see how things 'ud stand, I heern suthin' scrambulating' in the leaves, and snortin' every whipstitch like he smelt suthin' he didn't adzactly like. I lay as still as a salamander, and thought, maybe there's a chance for Stanley yit. So the critter, whatever it mout be, kep' moseyin' round the bar'l. Last he came to the bung-hole, put his nose in, smelt mighty particular, and gin a monstrous loud snort. I holt what little breath I head to keep the critter from smellin' the internals of the bar'l. I soon seen it was a bar of the woods—the big king bar of the woods, who had lived there from time immortal. Thinks I, old fellow, look out; old Oliver ain't dead yit. Jist then he put his black paw in jist as fur as he could scrabbled about to make some 'scovery. The first thot' I had was to nab his paw, as a droundin' man will ketch at a straw; but I soon seen that wouldn't do, for you see he couldn't then travel. So I jus waited a spell with great flatterbation of mind. The next move he made was to put his tail in at the bunghole of the bar'l to to test the innards. I seen that were my time to make my Jack; so I seized my holt, and shouted at the top of my voice:

"Charge, Chester, charge!
On, Stanley, on!"

And the bar he put, and I knowed tail-holt, were better than no holt; and so we went, bar'l and all, the bar full speed.—Now, my hope were that the bar would *jump over some pressepiss*, brack the bar'l all to shiverations, and liberate me from my nasty, stinkin', ily prison. And sure 'nuff, the bar at full speed leaped over a caterack fifty foot high. Down we went together in a pile, cowhallop, on a big rock, bustin' the' bar'l and nearly shakin the gizzard out'n me. I let go my tail holt—had no more use for it—and away went the bar like a whirlygust of woodpeckers were after it. I've never seen nor heern from that bar since, but he has my best wishes for his present and future welfare.

"COT A BABY."

"A well spring of joy" has been opened in the house of our contemporary, the editor of the Lagrange (Mo.) *American*, and the consequence is the editor is so delighted, he don't know which end he is standing on. Just listen at him:

"Last Wednesday afternoon, 'to us a child was born,' but not a son was given. We feel pround of our baby—it is so pretty and sweet, so our better half says. It is a girl, of course—our wife wanted a girl, so we gave up to her—the times being too hard to split the difference, and have a girl and boy both at once. Our time will come next—see if it don't. Our baby weighs eight pounds, and all the ladies say that it is such a pretty little angel, and looks just like its papa. Of course everybody will know it is pretty when it resembles us. It has black eyes, dark hair, and the sweetest little face, and the way it can cry is a caution to a Calliope—but then its little voice is so charming, producing such a harmony of sweet sounds. It was the first time that we ever heard our baby's voice, and what a thrill of happiness did that little voice send through our bosom.

"But we are too happy to express our feelings. We are at least two feet taller than we were before our baby was born, and think ourselves good enough to become a preacher. We pity everybody that hasn't got a baby, and as for old bachelors, we entertain a sovereign contempt for them, and intend to lam the first one that presumes to have the effrontery to speak to us. Poor old maids! from the bottom of our hearts we fell sorry for them. Oh, that they could only realize the happiness of a young mother with her first-born. Young men, and young ladies, too, our advice to you is, "go thou and do likewise"—it will make you feel so happy to have a baby. We warn everybody not to insult us, for we feel big enough and strong enough to whip every one of the seceding States back into the Union, and a single man wouldn't be a taste for us.—We are doubly sound on the Union issue now. We never intend to secede from our baby.

NEWSPAPER ARTICLES.

A schoolmaster who had been engaged a long time in his profession, and witnessed the influence of a newspaper on a family of children, writes as follows:

I have found it to be the universal fact without exception that those scholars of both sexes, and of all ages, who have had access to newspapers at home, who are not, are

1. Better readers, excelling in pronunciation and consequently read more understandingly.

2. They are better spellers, and define words with ease and accuracy.

3. They obtain a practical knowledge of geography in almost half the time it requires others, as the newspapers have made them familiar with the location of the most important places, nations, their government, and doings on the globe.

4. They are better grammarians, for having become familiar with every variety in the newspaper, from the common-place advertisements to the finished and classical oration of the Statesman, they more readily comprehend the meaning of the text and consequently analyze its construction with accuracy.

This is a good and competent witness. The scholar teacher. Who more competent than he to determine the real value of the newspaper as an aid to education and the developement of the struggling mind? We prize his testimony as every one else should, and would add in this connection that the primary and absolute advantage of newspaper in families consists in the familiar subjects to the minds of its youthful members—subjects of common life and every day incidents, in which the rising generation feel sufficient interest, if not to enable them to comprehend their purport and meaning, certainly to enquire and to desire explanation from their seniors. The habit of reading understandingly once acquired, leads onward by rapid progressive steps, until the whole field of newspaper intelligence becomes susceptible of interest and cultivation.—The amount of information which can be accumulated by an early course of newspaper reading, extending through the years of minority, cannot easily be estimated.

AN EDITOR'S LOVE STORY.

An editor of a Southern paper relates as follows how he once fell in love:

"We were never, reader, desperately in love, but once, and that was with a freckled complexion, who had but a few pretentions to beauty; but then she had such really beautyful eyes, deep liquid orbs, through which her soul, in moments of tenderness, looked out in passionate fervor, and in joyous mirth dashing and sparkling with a light of a thousand dewdrops—diamonds we were going to say—but we never saw a thousand. Her name was Laura—which, when breathed softly by a very soft lover, is a very sweet name—and her clear ringing laugh fell around you like a shower of silver bells. Moreover, she wore a dark, wine colored dress, trimmed with lilac colored velvet and black fringe, with a neat little white collar of fine lace which is prettiest of dresses, and has the effect to make a very plain girl look absolutely charming. She never perforated her ear to hang thereby a pendulum of glass or brass, and the only ornament on the little white hand, which needed none, was a plain gold ring, sacred to the memory of a maiden promise. Well, one evening, it was moonlight in the summer time—we sat alone on the porch, by the cottage door; holding that little white hand in a gentle pressure, but one arm had inadvertantly stolen around her waist, and a silent song of joy, 'like the music of the night,' was in her soul. Our lips met in a sweet delicious kiss, and bending softly to her ear, we whispered the tale of passionate devotion we proposed. In a moment she tore her hand from ours, and with a look of ineffable scorn, she said, in a voice trembling with suppressed rage—"

"What, marry an editor! You get out!"

We slid.

BRILLIANT WOMAN.—"She's too brilliant for me," exclaimed a friend, whom we introduced to a very attractive young lady.

"Too brilliant?" we echoed, inquiringly.

"Yes, the woman the woman that shines so much can be fit for little else in this world of dull utility."

Was he right? Do men, as a general rule, fear, as well as admire brilliant women? Are they content to bask in their brightness, but not wish to possess them? If so, ladies, there is in this truth deep matter for your serious consideration.

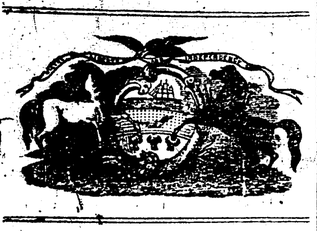

A woman may be intellectual enough to sparkle like a diamond. But, after all, notwithstanding diamonds are pretty things to wear in public, they are of little use in the house! They may create envy in the breast of a neighbor, but will they awaken an honest love in one worthy heart? They may be effulgent in the ball-room, but will they light up with smiles the domestic circle? Can you put a diamond to any of the common but necessary uses of the household? Will you not have to exchange it for vulgar sixpences and cents before you can make it available in buying bread.

☞ Grief and joy—hope and fear—tears and smiles—pain and pleasure, are all twins, children of the same mother, linked together throughout the whole of humanity. No lot, no country, no climate, no scene, and no condition in life may claim this enjoyment of one without rebuking the companionship of the other. No cloud however, is without its inner light. The blue still harbors behind its canopy, ready with its sunshine, and keeping the sad soul from being entirely delivered up to despair. No condition is so lowly as to be without hope, no sorrow so poignant and oppressive as not to permit the consolation of some sweet minister, interposing at the right moment with consolation and perhaps delight. There is no such thing as unmitigated evils; there is no such thing as pleasure and joy without cloud or qualification. We have only to open our hearts to smile and sunshine, not turn our backs and shut our eyes to the angelic visitor, who is always sure to stand upon the threshhold whenever we desire most need, and are willing to give him welcome.

☞ "Now Harry, if you are a doctor, you must prescribe for me. I have a very bad pain about the heart. What can I take?"

"I have no doubt as to what is the best remedy to take—you'd better take me!"

Quick Trip to Washington.

Shortly after the arrival of President Lincoln, at Harrisburg, on Friday last, he received telegraphic despatches from Gen. Scott, and Gov. Hicks, of Maryland, informing him of a plot, which had been devised by some black-hearted wretches, to throw off the track the Special train in which himself and family were to go to Baltimore, on Saturday morning, and in the confusion thereby created to assassinate him. He communicated this information to one of his suite and to the officers of the Penn'a .R. R., whereupon a special train was fitted out and at six o'clock Mr. Lincoln and a friend, accompanied by some of the officers of the Road, left for Philadelphia, where they arrived just in time for the President to take the sleeping car of the night train for Baltimore and Washington, which he entered without being known and passed over the road without attracting attention. So quickly and quietly was all this done that scarcely any person about the "Jones House" where he stopped, at Harrisburg, knew that he had left until he despatched from Washington, at six o'clock on Saturday morning, that he was safe at the Capitol. Much disappointment was felt by the Baltimoreans when they learned that the President had passed through their city, as they had made, as they thought, ample arrangements for the safe and respectful transit of Mr. Lincoln throughout the city, but Gen. Scott and Gov. Hicks, evidently knew more than the mass of the people, and took the only sure plan of getting the President to the Capitol and foiling those who desired to insult him if not do him bodily harm.

The above was compiled from the first report which we received in reference to Mr. Lincoln's hasty trip to Washington. A number of reasons have since been assigned for his course, but none of them appear to be authentic. We have too much confidence in Gen. Scott to believe that he would have advised such a course had there not been sufficient reason. It matters not what may have induced Mr. Lincoln to act the part he did, we are glad, for honor of the country, that he has arrived safely in Washington.

NEW BOOKS—We have just received from G. G. Evans, originator of the Gift Book Enterprise, a copy each of the "Union Text Book" and a "Romance of the Revolution," both of which are worth the price asked for them. The Union Text Book is compiled chiefly from the writings of that great patriot, statesman and expounder of the Constitution, Daniel Webster, together with Washington's Farewell Address and other matters interesting at this critical juncture in our national affairs. Every library should contain these works. The price of the Text Book is $1,00 and of the Romance $1.25. Either of these books together with a gift worth from 50 cents to $100 will be sent post paid, to any address, by forwarding the above named sum to G. G. Evans, 439 Chestnut St., Phila.

COL. L. W. HALL.—It gives us pleasure to bear testimony to the straight-forward, conservative course taken by our Senator, Col. Hall, on all questions relating to the interests of his immediate constituents, the people of the State, or the national troubles which have come upon us. He has shown himself to be one of the most industrious members of the Senate, taking an active part, as every member should, on all questions which came before that body, and his vote is always found recorded on the side of right and justice. We think we are justified in saying that no member of that body has more truly represented his constituents than Col. H., and should occasion again offer they will testify their appreciation of his services by elevating him to a higher position of usefulness and influence.

ATLANTIC MONTHLY.—This unequalled American Monthly, for March, possesses unusual attraction, containing as it does articles from the pens of several of the most celebrated historical, poetical and literary personages now alive.—Every article in the Monthly is calculated to instruct, as none but the best are allowed to appear on its pages. In the May number the opening chapter of a new novel entitled "Agnes of Sorrento," by Mrs Harriet Beecher Stowe, will be published. This alone would make the Monthly popular. Price $3.00 per annum.—Ticknor & Fields, Boston.

☞ We are in receipt of the first copy of the *Broad Top Miner*, a new paper just started by our young friend Al. Tyhurst, at Coalmount, Huntingdon county. The paper presents a neat typographical appearance, and the editorials evince ability. We wish our young friend a good list of paying subscribers and other etceteras which make a printing office valuable.

Tho 22nd at Harrisburg.

Friday last, February 22nd, the birthday of the "Father of his Country," was a gala day at Harrisburg. It was celebrated not only as the birthday of Washington, but as the occasion for raising the National Flag over the Capitol, thus proclaiming the loyalty of the State of Pennsylvania to that Union and system of General Government under which the people have enjoyed so many blessings, but which the ruthless hands of traitors are now attempting to destroy. The crowd was also augmented by the announcement that Abraham Lincoln, President elect, who was then on his way to Washington, would be in Harrisburg on that day. The military display was probably the best ever witnessed in the State, besides which there were a number of fire companies and civic associations which added to the pageant. From the Harrisburg papers we learn that the following military companies and civic associations made up the procession:—

National Grand Regiment, of Philadelphia, 265 men with a band numbering 34 instruments; Philadelphia National Grays, 51 men; Wayne Artillerists, Norristown, 42 men; Philadelphia Zouaves, 54 men, accompanied by a female who takes the capacity of "Daughter of the Regiment; Washington Grays, Bethlehem, 34 men; Allen Rifles, 38 men; Jordan Artillerists, 32 men; Allen Infantry, 34 men; Scott Infantry, Huntingdon county, 70 men; Union Guards, Petersburg, Huntingdon county, 40 men; Scott Artillery, Huntingdon county, 38 men; Jackson Artillery, Huntingdon county, 40 men; Standing Stone Guards, Huntingdon Borough, 40 men; Perry county, was represented by the Ringold Artillerists, of Newport, 45 men; Independent Infantry, Bloomfield, 60 men; Logan Guards, Lewistown, 40 men; Mifflin County Cavalry, on foot, 30 men; Hollidaysburg Fencibles, 40 men; Tyrone Artillery, 43 men; Logan Rifle Rangers, 32 men; Juniata Rifles, Hollidaysburg, 60 men; Tyrone Cavalry, on foot, 30 men; Ringold United Infantry, Patterson, 35 men; Citizens Guard, Johnstown, 35 men; Johnstown Cadet Zouaves, 50 men; Latrobe Light Infantry, 54 men; Chambers Artillery, Chambersburg, 50 men; Summer Rifles, Carlisle, 60 men; Junior Cadets, Carlisle; Greencastle Light Infantry, 35 men; Jones Artillery, Safe Harbor, 35 men; Lancaster Fencibles, 35 men; Washington Rifles, 59 men; Cameron Guards, 35 men; Juniata Cavalry, 30 men; Soldiers of the War 1812, 45 men, Reading Artillerists, 30 men; making in all 38 companies, and 1200 men. There were also in the procession Mountain Commandery Knights Templar, of Altoona, De Molay Commandery, of Reading, Parke Commandery, of Harrisburg, Perseverance Lodge, A. Y. M., of Harrisburg, Mount Lebanon Lodge, Mifflin Lodge. Several Lodges of Odd Fellows and Encampment of Odd Fellows, two Fire Companies from Lancaster, and eight of Harrisburg, together with fifteen Brass Bands and a number of Martial Bands, distributed throughout the procession. The civic portion of the procession is supposed to have numbered 1760 persons. Besides these there were an almost numberless crowd of lookers-on.

The special train bringing Lincoln to the Capital arrived at the corner of Vine and Second streets at Half-past one o'clock, from which place he was escorted to the Jones House, where he was welcomed by Governor Curtin, as follows:—

SIR:—It is my pleasure to welcome you to the State of Pennsylvania, and to extend to you the hospitalities of this city. We have frequently heard of you since you left your home in a distant place, and every word that has fallen from your lips has fallen upon the ears of an excited, patriotic but loyal people. (Applause.) Sir, as President elect of the United States, you are called to the discharge of official duties at a period of time when the public mind is distracted and divided, when animosities and distractions divide the people of this hitherto happy and prosperous country. You undertake, sir, no easy task. You must restore fraternal feeling. You must heal up discord. You must produce amity in place of hostility and restore prosperity, peace and concord to this unhappy country. And future generations will rise up and call you blessed.

Sir, this day, by act of our Legislature, we unfurled from the dome of the Capitol the flag of our country, carried there in the arms of men who defended the country when defence was needed. I assure, you, sir, there is no star or stripe erased, and on its azure field there blazons forth thirty-four stars, the number of the bright constellation of States over which you are called by a free people, in a fair election, to preside. We trust, sir, that in the discharge of your high office, you may reconcile the unhappy differences now existing, as they have heretofore been reconciled.

Sir, when conciliation has failed, read our history, study our tradition. Here are the people who will defend you, the Constitution, the laws and the integrity of this Union.

Our great law-giver and founder established this government of a free people in deeds of peace. We are a peaceful, laborious people.—We believe that civilization, progress and christianity are advanced by the protection of free and paid labor.

Sir, I welcome you to the midst of this generous people, and may the God who has so long watched over this country, give you wisdom to discharge the high duties that devolve upon you, to the advancement of the greatness and glory of the Government, and the happiness and prosperity of the people.

Mr. Lincoln being introduced to the crowd spoke as follows:

Gov. Curtin and citizens of the State of Pennsylvania: Perhaps the best thing that I could do would be simply to endorse the patriotic and eloquent speech which your Governor has just made in your hearing. I am quite sure that I am unable to address to you anything so appropriate as that which he has uttered.

Reference has been made by him to the distraction of the public mind at this time and to the great task that lies before me in entering upon the administration of the General Government. With all the eloquence and ability that your Governor brings to this theme, I am quite sure he does not—in his situation he cannot—appreciate as I do the weight of that great responsibility. I feel that, under God, in the strength of the wisdom of the heads of these masses after all, must be my support. As I have often had occasion to say, I repeat to you—I am quite sure I do not deceive myself when I tell you I bring to the work an honest heart; I dare not tell you I bring a head sufficent for it. If my own strength should fail, I shall at least fall back upon these masses, who, I think, under any circumstances will not fail.

Allusion has been made to the peaceful principles upon which this great Commonwealth was originally settled. Allow me to add my meed of praise to those peaceful principles. I hope no one of the Friends who originally settled here, or who lived here since that time, or who live here now, has been or is a more devoted lover of peace, harmony and concord than my humble self.

While I have been proud to see to-day the finest military array, I think, that I have ever seen, allow me to say in regard to those men that they give hope of what they have done when war is inevitable. But, at the same time, allow me to express the hope that in the shedding of blood their services may never be needed, especially in the shedding of fraternal blood.—It shall be my endeavor to preserve the peace of this country so far as it can be possibly done, consistently with the maintenance of the institutions of the country. With my consent, or without my great displeasure, this country shall never witness the shedding of one drop of blood in fraternal strife.

And now, my fellow citizens, as I have made many speeches, will you allow me to bid you farewell?

At half past two o'clock, the Senators, members of the House and Military escorted Mr. Lincoln to the Hall of the State House, where he was welcomed by Speakers Palmer, of the Senate, and Davis, of the House, to whom he replied in a speech somewhat more lengthy than that in reply to Gov. Curtin, but embodying about the same ideas.

Almost every public house and many private residences were decorated with flags, and wreaths, giving the city a truly national appearance. Everything passed off in good style with nothing to mar the pleasures of the day.

☞ The editor the Chester County *Times*, who is Assistant Clerk of the House of Representatives publishes a list of the members of the House with their trades and professions and places of birth, from which it appears that there are 31 Farmers, 14 Mechanics, 1 Railroad Contractor, 7 Physicians, 13 Lawyers, 1 Lumber Dealer, 3 Iron Manufacturers, 1 Dyer, 2 Editors and Printers, 2 Coachmakers, 1 Architect, 1 Clerk, 1 Manufacturer, 1 Horticulturalist, 1 Coal Merchant, 1 Coal Operator, 2 Powder Manufacturers, 2 Tanners, 1 Engineer, 1 Cooper, 1 Carpenter, 1 Tin Smith, 2 Wheelwrights, 1 Gentleman, 1 Agricultural Implement Manufacturer, 1 Moulder, 1 Victualler.

Of these 67 are natives of Pennsylvania, 2 of Massachusetts, 1 of Ohio, 2 of Connecticut, 1 of Maryland, 5 of New York, 1 of Virginia, 2 of New Jersey, 4 of Ireland, 1 of England, 1 of Wales, and 1 of Germany.

LINCOLN'S SPEECHES IN CHARLESTON.—All the Charleston papers of Friday and Saturday copy Lincoln's speeches, and comment on them. The *Mercury* says:—"In Lincoln's opinion, the United States, holding those forts which have not been captured, and re-taking those which have been captured by the Confederate States, and the collection of duties in their harbors, would be neither coercion nor invasion, but a gentle exercise of legitimate power towards many rebellious counties, bringing them to their senses. Lincoln is a cool man; an able man; a determined man; a man, not of words, but action: who says what he means and means what he says: an honest man withal, and no politician."

☞ Mr. Bouligny, of Louisiana, who remains in his place in the House performing his duties every day, and refusing to recognize secession or leave Congress unless called home by his district, declares that the seceding States cannot live out of the Union three months longer, and believes his course will be sustained by the people when their passions have subsided. Indeed, he believes they would do so even now, if the question could be submitted to them.

☞ A telegraphic despatch from Montgomery, Ala., states that the Congress of the Southern Confederacy has passed an act declaring the establishment of the free navigation of the Mississippi. They could not have refused to pass such an act without getting into difficulty with the Western and Southern border States, and the passage of the act was more compulsory than gratuitous.

GEN. CAMERON.—The Harrisburg *Telegraph* of Monday last, announces by authority, we presume, that Gen. Simon Cameron *has* been appointed Secretary of the Treasury. This we think will satisfy the friends of the General in this region.

JOHN BELL IN LINCOLN'S CABINET.—A Telegraph despatch dated Washington, Feb. 26th, says that Hon. John Bell, of Tennessee has been tendered and accepted a seat in President Lincoln's Cabinet.

THE TONNAGE TAX.—We had intended saying something in reference to this subject this week, but deem it unnecessary now, as in all probability the bill has passed the Senate ere this. It is the same as published by us last week. It will receive the signature of the Govenor immediately. We think those who have heretofore opposed the repeal of this tax will soon discover that they were opposing their own individual interests as well as that of the State.

☞ The most infamous outrage yet committed by any officer of the United States army is that of Gen. Twiggs, who surrendered to the secessionist all the Government property in Texas, when he might and should have held it. Such a traitor deserves hanging without a trial.

☞ The national debt of the United States amounts to about a dollar and a half for each inhabitant, while the sum of one hundred and thirty-five dollars each would be required from the British population if they should pay theirs.

DAMAGES FOR BAD DENTISTRY.—At Newark, New Jersey, a Mr. Dobbs has recovered $200 of a dentist named Russell, for improper dentistry. The Judge stated, as a principle of common law and common reason, that any person, claiming to practice any particular trade or profession, is responsible for failure to exercise sufficient skill in the prosecution of his business.

A Peep into the Bank of England.

The Bank of England must be seen on the inside as well as out; and to go into the interior of this remarkable building, to observe the operations of an institution that exerts more moral and political power than any sovereign in Europe, you must have an order from the Governor of the Bank. The building occupies an irregular area of eight acres of ground—an edifice of no architectural beauty, with not one window toward the street, being lighted altogether from the roof of the enclosed area.

I was led, on presenting my card of admission, into a private room, where after a delay of a few moments a messenger came, and conducted me through the mighty and mysterious building. Down we went into a room where the notes of the Bank, received the day before, were now examined, compared with the entries in the books, and stowed away. The Bank of England never issues the same note a second time. It receives, in the ordinary course of business, about £360,000, $4,000,000, daily, in notes; these are put up into parcels according to their denominations, boxed up with the date of their reception, and are kept ten years; at the expiration of which period they are taken out and grouhd up in the mill which I saw running, and made again into paper. If in the course of the ten years, any dispute in business or lawsuit should arise concerning the payment of any note, the Bank can produce the identical bill.

To meet the demand for notes constantly used up, the Bank has its own paper makers, its own printers, its own engravers, all the work under the same roof, and even makes the machinery by which most of its own work is done. A complicated but beautiful operation is a register extending from the printing office to the banking offices, which makes every sheet of paper that is struck off from the press, so that the printers cannot manufacture a single sheet of bank notes that is not recorded in the Bank.

On the same principle of neatness, a shaft is made to pass from one apartment to another, connecting a clock in sixteen wings of the establishment, and regulating them with such precision that the whole of them is always pointing to the same second of time. In another room was a machine, exceedingly simple, for detecting light gold coin. A row of them is dropped one by one upon a spring-scale. If the piece of gold was of the standard weight, the scale rose to a certain hight, and the coin slid off upon the side of the box; if less than the standard, it rose a little higher, and the coin slid upon the other side. I asked the weigher what was the average number of light coins that came into his hands, and strangely enough, he said it was a question he was not allowed to answer.

The next room I entered was that in which the notes are all deposited which are ready for issue.

"We have thirty-two millions of pounds sterling in this room," the officer remarked to me; "will you take a little of it?" I told him it would be vastly agreeable, and he handed me a million of sterling, ($5,000,000,) which I received with many thanks for his liberality, but he insisted upon my depositing it with him again, as it would hardly be safe to carry so much money into the street. I very much fear that I shall never see that money again. In the vault beneath the door was a director and a cashier, counting the bags of gold which men were pitching down to them, each bag containing a thousand pounds sterling just from the mint.

This world of money seemed to realize the fables of Eastern wealth, and gave me new and strong impressions of the magnitude of the business done here, and of the extent of the relations of this one institution to the commerce of the world.

☞ Parson Brownlow continues to "holler" for the Union, in spite of the threats of the secessionists, who have threatened to hang him. The Parson has designated the day he prefers for the hanging, and invites the public to witness the exhibition, promising to make a speech under the gallows. A late number of his paper, the Knoxville *Whig*, contains the following:—

God be praised for the odium already attached to secession and its advocates, and for the certain prospect of their descending to a traitor's grave, and finally to a traitor's hell! The Senators of seven States have been sitting in their seats as Senators, *sworn* to support the Constitution of the United States, and to act as the privy counsel of the President, and at the same time they were holding secret meetings, plotting the overthrow of the Government and Constitution they had sworn to sustain and support. I consider *Benedict Arnold* and *Aaron Burr* patriots and honest men compared with these *traitors* and *perjured villains*. I certainly have no desire to live under any Government organized by such corrupt, wicked and hell-deserving men as these! This whole scheme for dissolving the Union was originated and carried out by corrupt, designing and disappointed Southern politicians, who, failing to *control* the Government, resolved upon its ruin. There are better men in Hell, suffering the vengeance of eternal fire, than the Southern leaders in this secession movement. This I say as a Southern man, one born and raised here, and intending to live and die here. All this I will continue to say as long as I have breath to speak, or strength to write.

CIVIL WAR OR RECONSTRUCTION.—The Corinth (Miss.) *Advertiser* says that civil war or reconstruction is unavoidable. The people in part of that State are already exasperated, be cause of the additional tax levy, and that papers say it only requires a leader to induce them to resist the tax collector. In North Mississippi the people are suffering from the want of provisions, and they are in no temper therefore, to stand additional taxation. The refusal of the border slave States to join the Cotton Confederacy is beginning to open the eyes of the people in the South to the peril of their political leaders has led them into. It would not be surprising that, as soon as all hope is entirely extinguished of the border States being led off, if the people in the Cotton States should upset the Davis dynasty.

WANTS TO SECEDE AGAIN.—The Richmond *Whig* says that nothing but the blast of ridicule which would follow prevents South Carolina from seceding from the New Southern Confederacy. It finds itself in the position of the pig which tried to break out of the field by going through a crooked hollow log in the fence.—Both ends open inside the field, and its swinish amazement at finding itself still in confinement, was not more amusing than the present attitude of South Carolina.

THE ILLNESS OF MAJ. ANDERSON.—The Charleston correspondent of the Richmond *Dispatch* confirms the report that Major Anderson was lying ill at Fort Sumpter on the 17th. His disease is pneumonia, and Dr. Robertson, of Charleston, was attending him. Gen Davis was expected in Charleston on Feb. 21st. His arrival was anxiously anticipated, as his visit was known to be connected with the siege of Fort Sumpter.

HORSEWHIPPING A CLERGYMAN.—The Rev. J. Sumner Brockhurst, of Emmanuel College, England, horsewhipped the Rev. Edward Dodd Fellow, of Magdalen College and Vicar of St. Giles', Cambridge, because he had omitted from the grace the name of the Lord Jesus Christ, and has said, when asked for his reason, that it was on account of the presence of a Jew at the table.

The State Lunatic Asylum.

The annual report of this institution has been issued. At the date of the last report, there were two hundred and fifty-four patients in the institution, since which two hundred and eleven have been admitted, and one hundred and ninety-one have been discharged, or died, leaving two hundred and seventy-four under care at the close of the year. The total number of patients in the hospital during the year, was four hundred and sixty-five. The highest number at any one time was two hundred and eighty-eight; the lowest was two hundred and fifty; and the average number, under treatment, during the whole period, was two hundred and seventy-three. The number of males in the hospital during the year was two hundred and sixty-three, and the number of females was two hundred and two. The highest number of males at any one time was one hundred and fifty-seven, and the highest number of females was one hundred and thirty-one. At the beginning of the year, there were one hundred and thirty-two males, and one hundred and twenty-three females. The number of males admitted during the year was one hundred and thirty-one, and the number of females eighty. Since the hospital was opened in 1841, three thousand five hundred and seventy-one persons have been admitted; of these two hundred and seventy-four still remain. Among them, were one thousand eight hundred and ninety-six males, and of these the largest number of any profession were farmers—two hundred and seventy eight. There were one hundred and seventy-three merchants, one hundred and forty-two clerks, sixty six students, twenty-three clergymen, thirty-eight physicians, sixty-nine carpenters, one hundred and forty-six laborers, four police officers, twenty-five blacksmiths, one author, seventeen artists, thirty-five tailors, fifty-six shoemakers, and two hundred and forty-four of no occupation.

FATAL AFFRAY AT SCRANTON.—A most desperate affray took place in Carbondale, Luzerne county, on Saturday night, Feb. 23d, during which Geo. Brennen was killed, Andrew Farrel fatally stabbed, and —— Borale dangerously injured by a man named Martin Gibson, who used a bowie knife with fatal execution. Gibson when arrested, expressed regret that he had not killed all of his victims.

SAD MISFORTUNE.—We learn that our friend Mr. Robt. A. Laird, collector of Taxes in Porter township, while traveling in a carriage from Petersburg to Alexandria on Monday night, the 18th inst., his horse took fright and ran off and broke loose from the carriage, pulling Mr. Laird out over the dasher and dragging him some two or three rods, on the frozen road before he got him stopped, tearing off his overcoat and losing a pocket book containing twelve hundred and eighty five dollars in Bank bills. The pocket-book was found the next day, but the bills were taken out. Mr. Laird has offered a reward of three hundred dollars for the money. We sincerely hope Mr. L. may get his money,—he is an honest persevering business man and a clever fellow, and has the sympathy of the whole community.—*Hunt. Globe.*

☞ Mr. Conway, the new member of Kansas, is a native of Charleston S. C., and is now only about thirty years of age. He resided in Charleston until he was about fourteen, when the death of his father caused the removal of the family to Baltimore. He served his time at the printing business, and while engaged as a journeyman printer, originated the organization of the National Typographical Union. He subsequently studied law, and practiced several years. He went to Kansas in October 1854.

☞ The closing years of life are often rendered wretched by ailments which are trifling in themselves and easily cured if taken in time. Affection of the liver, stomach, and other organs concerned in digestion, are the most frequent. They naturally make the sufferer nervous, irritable and complaining, and relatives and friends are forced to bear the brunt of their ill-humor. The use of Hostetters Celebrated Stomach Bitters will prove an efficient remedy for this evil. It will not only strengthen the whole physical organization, but entirely cure the most obstinate cases of Indigestion, Diarrhœa, Dysentery, and Liver Complaint. The first physicians in the country are loud in their praise of this preparation. Another recommendation of the Bitters is that it is so palatable to the taste that it may be used even as a beverage.

Sold by all druggists.

John McClellan, Esq., administered the usual oath of office to the new officers, Messrs. Hostetter and Murvine, Councilmen, and Allison, Chief Burgess, after which they took their seats.

On motion of R. Greenwood, *Resolved*, That the Council proceed to organize.

C. R. Hostetter nominated A. A. Smyth, for President of Council, who was unanimously elected, after which he, in an appropriate manner returned thanks for the honor conferred.

On motion Council adjourned to meet on Monday evening, March 4th, 1861, at 7 o'clock. *Extract from Minutes.*

ACCIDENT.—We are sorry to note that Cal. Ray, a brakesman on the Mail Train between this place and Harrisburg, was severely injured, on Thursday last, by being knocked from the train as it was approaching Lewistown Station. It appears that he was standing on the steps of a passenger car leaning out and looking toward the rear of the train when he was struck on the back of the head by a freight car, which was standing on the opposite track. He instantly fell from the train, which was stopped as quick as possible and moved back to where he lay.—When taken up he was insensible, but soon revived. He was left at Lewistown Station under the care of a physician, who upon examination found that he had fortunately received only an ugly scalp wound, and on the following day he was sufficiently revived to allow his removal to Harrisburg, where he resides.

ZOUAVE EXCITEMENT.—We learn from our exchanges that the Zouave companies which appeared in the parade at Harrisburg, on the 22d inst., have created quite an exeitement throughout the country, and efforts are being made to form similar companies in several towns. We may add that a company of this kind is now being formed in this place, and from the manner in which the young men of our town usually do up whatever they take in hand, we should not be surprised to see a regular Zouave corps on our streets in less than a month. We should like to see our young men go into it freely and place themselves under the restrictions and discipline which governs the Chicago Zouaves.

OLEAGINOUS.—The oil fever has broken out with considerable virulence in this place, within the last few days, and we notice some three or more companies of our citizens have been formed for the purpose of extracting the oleaginous substance from the hills hereabout and elsewhere. Some of our citizens who profess to know where oil may and may not be found, say that there is oil in some of the gorges of the Allegheny, in the neighborhood of this place.—We hope such may eventually prove to be true.

LOCAL U. S. SENATE.—This institution is still in full blast. The Senate meets every Friday evening, in Lowther's Hall. The Crittenden Compromise resolutions have been under considerations for some weeks past, and has elicited considerable debate. Quite an interesting session is expected to-morrow, (Friday) evening. The public generally are invited to attend the sessions.

RELIGIOUS.—The protracted meeting which has been in progress in the Methodist Church, in this place, for some time past, has been constantly increasing in interest and power. During the past week, from 20 to 30 persons have nightly presented themselves at the altar for the advice and prayers of the congregation.

A PENNSYLVANIA INSTITUTION.—The Pennsylvania Rail Road Company has now in successful operation three hundred and sixty miles of road, which cost the sum of $30,000,000.—This sum may be divided as follows:

Individual subscriptions	$7,800,000
Philadelphia subscriptions	5,000,000
Allegheny County subscription	1,000,000
Purchase of Main Line from State	7,500,000
Bonds	9,200,000
Total	$30,000,000
Add cost of Harrisburg and Lancaster road, forming part of the Line	1,882,450
Total cost of Road	$31,882,450

Of the individual subscriptions, amounting to $7,800,000, nearly all are held in Pennsylvania and are divided among a very large number of citizens representing all classes of society. It will thus be seen, that of thirty millions of dollars directly invested in the Pennsylvania Central, over twenty millions are held in this State —a much larger proportion than can be shown, it is believed, by any other railroad of the same magnitude in the United States. It may, therefore, be most emphatically termed a *Pennsylvania Railroad.*

CIRCULAR OF DUFF'S MERCANTILE COLLEGE FOR 1861, P. P. 64.—*W. S. Haven*—Everything new issued by this establishment is looked for with interest. Here is a business circular that will ornament a parlor table; the covers being decorated with two elegant engravings by W. Schuchman—viz: the noted Iron Buildings in which the College is located, and an animated view of Pittsburgh and Allegheny. The synopsis of the collegiate course will be read with interest by all who desire to obtain the best business education. All points of the Union have furnished numerous and emphatic testimonials of the superiority of this establishment. Thirty States are represented in the classes recorded in these pages, and this circular is in every way worthy of the reputation of the enterprising proprietors, and will no doubt give a new impetus to their splendid business. For this circular their large College card and samples of the business and ornamental penmanship of Mr. W. H. Duff, they require 25 cents, enclosed to their address.

The thanks of the people living along the line of the Pennsylvania Rail Road are certainly due to the managers thereof, for the ample opportunities afforded them to participate in the grand demonstration at Harrisburg on the 22d inst. All organized companies, societies and bands were transported *free of charge*, and all visitors carried at excursion rates. Notwithstanding the immense crowds upon the trains, not a single individual was hurt.

ABOUT SLEEPING.—Those who are troubled with palpitation of the heart, should sleep with their heads high and never have the head within the bed clothes. It is customary for many people to cover their heads and slumber.—This is injurious to the lungs, as the air that is exhaled is at the next moment inhaled. Some children get into this habit, and parents should be careful to watch them and break it up. To wash the face, hands and teeth before going to bed contributes much to sound and refreshing slumber, and refreshing sleep is as necessary to the health of body and mind as our daily food. Night is the best period of repose, as it is the most natural. Those whose occupations lead them to be much awake at night, often fall into consumptive diseases. Eight hours is not too long a period for sleep, although many never sleep more than six.

PUSHING ALONG.—We mean our neighbor down stairs, A. Roush. He does not boast of what can not be done, nor does he, by any foul means, try to get the advantage of other men, but by strict attention to his business, and exertion to satisfy the wants of his customers, he tries to gain a share of the public patronage. The last three years have proved that he has "hit the nail on the head." He has, in that time, built up a trade which would astonish many an older hand, and speaks well in his favor.—Give him a call.

The members of Altoona Division, S. of T., partook of an oyster supper, which was served up in their Hall, on Saturday evening last. We learn from those who were in attendance that it was got up in good style

PEN AND SCISSORS.

Raging—The oil fever.

Do—The Zouave excitement.

In the game of life men most frequently play the knave, and women the deuce.

The editors of the Juniata *Register* and *True Democrat* are drawing life pictures of each other.

Unsocial old Snarl says that love is a combination of diseases—an affection of the heart, and an inflammation of the brain.

The California Indians cannot be induced to settle down on the reservations set apart for them, but resume their wild habits when opportunity offers.

Wm. Frysinger, formerly editor of the Lewistown *True Democrat*, has became editor and proprietor of the *Jackson Union*, published at Brownstown, Ind. We wish him success.

Parson Brownlow of Tennessee, says that the position of South Carolina, after seceding from the Union, reminds him of the man who said, "It was nothing to get married, but it is h—ll to keep house!"

A bill to grant $50,000 to the Kansas sufferers has passed the New York Legislature. The Senate of the Wisconsin Legislature has also passed a bill appropriating $5,000 for the same purpose.

The citizens of Savannah were unable to fire a salute in honor of the inauguration of President Davis because there was not a piece of ordinance in the city. It had all been removed to Fort Pulaski.

A letter from Japan, the latest dates received, says: "Poor Tommy is supposed to have met an untimely end. The Japanese say he died of delirium tremens (a new American introduction,) but we all believe his head has been cut off."

At a dinner at Erie, some gentlemen offered Mr. Lincoln some wine, and rather forced it upon him. Mr. Lincoln replied, "I have lived fifty years without the use of any liquor, and I do not think it worth while to change my habits now."

As Mrs. Sarah Hall was riding near St. Johns, Mich., one evening recently, she leaned against the gentleman with her as if asleep—but on examination, it was found she was frozen senseless. She was revived with great difficulty.

Another evidence of Floyd's treason has come to light; five companies of Government troops are stationed at Fort Randall, on the Upper Missouri, and it now appears that the Ex-Secretary sold all means of transportation except enough to move one company, his purpose being to prevent forces from being called into action to interfere with his designs.

CON.

In this place, on the 21st inst., of Consumption, WILLIAM S. SHOEMAKER, aged 25 years.

With the subject of the above notice we have been acquainted for several years, and now that he is lost to us forever in this world, we only discover how much we valued him as a friend and how highly we esteemed him for the many good qualities of his head and heart. His whole nature was kindness and his generosity knew no bounds.—Of him it may most justly be said "None knew him but to love him." We believe we can truly say that he died without an enemy, but better than all, that he departed with the blessed assurance that he was exchanging a state of death for one of eternal life.—EDS.

LABOR-SAVING
WASHING MACHINE.

THE UNDERSIGNED HAVING purchased the right for Blair county, of

Tolhurst's Improved Washing Machine,

are now manufacturing them at Altoona, and intend to supply them to those persons throughout the county who desire a LABOR-SAVING MACHINE.

This machine is got up on an entirely new principle, and is considered, by those who have seen it in use, the best that has ever been brought before the public.

Among the many advantages of this machine over all others may be mentioned the following:

1st. Its simplicity of construction, making it almost impossible to get out of order.

2d. Its speed, which astonishes alike the operator and the looker on.

3rd. The facility with which it adapts itself to the bulk or quantity of clothes desired to be washed.

4th. It washes equally well the finest and lightest fabric or the coarsest and heaviest, such as bed-quilts, comforts, blankets, &c.

McMINN & DERN,
Altoona, Blair County, Pa.

We the undersigned, hereby certify that we are now using Tolhurst's Improved Washing Machine and are fully satisfied that it is a very excellent article of the kind; combining as it does great speed with little labor, and performing its work in the most satisfactory manner. We therefore cheerfully recommend it to all who desire a real labor-saving washing machine.

THE

ONLY DISCOVERY

Worthy of any Confidence

FOR RESTORING

THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway.—Read the following:—

BATH, ME., April 18th, 1859.

Prof. O. J. WOOD & Co.: Gents:—The letter I wrote you in 1858 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated and been used not only without any good effect, but to absolute injury.—I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful. I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours,

A. C. RAYMOND.

AARONS RUN, KY., Nov. 30, 1858.

PROF. O. J. WOOD: Dear Sir.—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it. Resp'y yours, REV. S. ALLEN BROCK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited, but if you think it worthy a place among the rest, insert if you wish; if not destroy and say nothing.

Yours, &c., REV S A B.

The Restorative is put up in bottles of three sizes, viz: large, medium and small; the small holds ½ a pint and retails for one dollar per bottle; the medium hold at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion and retails for $3 a bottle. I beg leave to call the attention of the citizens of the United States to the above Wines and Liquors, imported by UDOLPHO WOLFE, of New York, whose name is familiar in every part of this country for the purity of his celebrated SCHIEDAM SCHNAPPS. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the city of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature of the certificate.—The public are respectfully invited to call and examine for themselves. Read the following from the New York Courier:

ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT.—We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Wolfe's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whiskey, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wine, &c., in casks, under Custom-House key, ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquors.

We understand that Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness.

ROHRER'S PRACTICAL CALCULATOR.

A Book of Plain Rules and Calculations for Business Operations, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, published by J. B. Lippincott & Co., Philadelphia.

This work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly practical, such as arise every day in the common pursuits of Business. It has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to be the handiest book of reference, pertaining to calculations, that has ever been published.

Every example in the book is worked out in full and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in solving it; in a word, the general arrangement of the CALCULATOR is simple, that any one who knows how to add, subtract, multiply and divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to eschew theory and philosophy in figures, aiming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of rules, or the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The CALCULATOR differs in this respect from all other Arithmetics of the day and kindred works—it is a key to practical business calculations—it is, in the hands of the business man, what the key to mathematical works is in the hands of the teacher in the school room—it facilitates time and insures correctness.

THE WORK TREATS OF THE

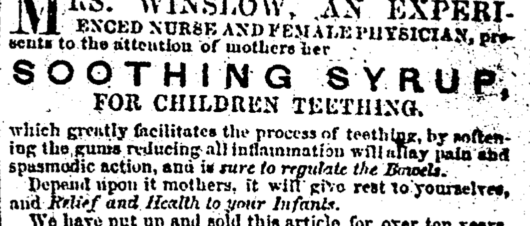

Measurement of Land, of Lumber, of Brick and Brick Work, of stone and stone work, of grain and grain bins, of coal and coal bins, of wood, of solids, of liquids, of circular, square or irregular vessels, of cisterns and vats, of roofing, of plasterer's, painter's, glazier's, paver's, plumber's, paper hanger's and upholsterers' work. It treats of currency and of foreign and domestic exchange, of the decimal system, of reduction and its extended application to business, of simple and compound interest, and their entire application to business transactions, with the laws and usages governing and regulating the same, together with numerous commercial forms—of legal tender, of partial payment on notes, of banking and bank discount, of equation of payment and of partnership accounts, of assessment of taxes, of weights and measures, of square and cubic measure, of the square root and its application to business of surfaces, of excavation, and of many other important practical matters not within the scope of an advertisement to mention.

IT IS JUST THE BOOK FOR THE

Farmer, the merchant, the mechanic, the artizan, or the professional man. It has proven a valuable auxiliary to the lawyer, the justice of the peace, the conveyancer, and real estate broker, to the assessor, the banker, the clerk, to the civil engineer and the surveyor, to the carpenter and bricklayer, to the stonemason and the plasterer, to the paper hanger and upholsterer, to the paver and the tiler, &c., &c.; each and all will find it adapted to their various wants better than any book published.

Mailed (post paid) to any part of the United States, upon receipt of the money. Price of a single copy, in cloth, 60 cents, or two copies for $1,00. Bound in pocket-book form, morocco, $1,00 per copy.

MRS. WINSLOW, AN EXPERIENCED NURSE AND FEMALE PHYSICIAN, presents to the attention of mothers her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums reducing all inflammation will allay pain and spasmodic action, and is *sure to regulate the Bowels.*

Depend upon it mothers, it will give rest to yourselves, and *Relief and Health to your Infants.*

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after ten years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in *thousands of cases.*

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve *Griping in the Bowels and Wind Colic*, and overcome convulsions, which, if not *speedily* remedied, end in death. We believe it the *best* and *surest remedy* in the world, in all cases of Dysentery and Diarrhœa in children, whether it arises from teething or from any other cause.—We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world, and by G. W. Kessler and A. Roush, druggists, Altoona. Price 25 cents per bottle.

HAIR OILS, COLOGNES, POMades, Shaving Cream, Toilet Soaps, &c. for sale by 1-tf.] G. W. KESSLER.

PROF. L. MILLER'S HAIR INVIGORATOR!!

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color without dyeing, and preventing the hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriently, and gives it a rich, soft, glossy flexible appearance, and also where the hair is loosening and thining, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a *fresh covering of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning gray* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in *dressing the hair*, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being

ONLY 25 CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of the Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

MOFFAT'S LIFE PILLS and PHŒNIX BITTERS.

THESE MEDICINE HAVES NOW been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES

are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of Appetite, Heartburn, Headache, Restlessness, Ill Temper, Anxiety, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these medicines, was cured of Piles, of 35 years standing, by the use of the Life Medicines alone.

FEVER & AGUE.—For this scourge of the Western country, these medicines will be found a safe, speedy and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—try them, be satisfied, and be cured.

BILLIOUS FEVERS and LIVER COMPLAINTS.—General debility, loss of appetite and diseases of females—the medicines have been used with the most beneficial results in cases of this description:—Kings Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparation of Sarsaparilla.

HAIR, HAT, TOOTH, SHAVING, Paint, Sash and Varnish Brushes at KESSLER'S.

Dr. MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON.

An aperient and stomachic preparation of Iron purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United states, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible.—Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from a protracted travel in a distant land. Some very signal instances of this kind are attested by Female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and the complication of nervous and dyspeptic aversion to air and exercise, for which the physician has no name.

In Nervous Afflictions of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked Diarrhœa, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this *remedy and restorative*, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating the pain and reducing the swellings and stiffness of the joints and muscles.

In intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

Salt River Passengers, Ho!

AS THE SUBSCRIBER WILL BE under the necessity of leaving early in November for the head waters of Salt River, in the ship UNION, which will positively sail about that time; and knowing that many of my friends will go along and I will want an outfit, I take this opportunity of informing them as well as all my old friends and customers, that I have just returned from the East, where I purchased a large stock of Goods, which I am now opening at my store in North Ward, to which I invite inspection. It is the

LARGEST AND HANDSOMEST

as well as the CHEAPEST lot of Goods brought to the town this fall. The reason why I say the CHEAPEST is obvious to every thinking mind, because as the season advances the merchants in the east say prices decline, therefore I have an advantage of from 20 to 25 per cent. over those who purchased early in the season, and I can and will sell cheaper than any other house in the place. Purchasers will thus see the propriety of at least examining my stock before buying elsewhere. My stock consists of all the newest styles of

LADIES' DRESS GOODS

for the season, a full assortment of

GROCERIES, BOOTS AND SHOES,

LADIES' SHAKER BONNETS,

Misses' Felt and Straw Hats,

and everything in the line of Dry Goods and Notions which it is unnecessary to enumerate. All of which will be sold for cash or to prompt paying monthly customers, or exchanged for all articles of Produce which can be consumed here or exchanged for goods in the East.

A. McCORMICK.

N. B.—The subscriber has arrangements made in the East by which he can supply any article at short notice.

GREAT IMPROVEMENT IN COOKING STOVES.

CONSUMPTION OF SMOKE AND GAS AND SAVING OF FUEL.

The subscriber takes pleasure in offering to the public

NEW GAS AND SMOKE CONSUMING

Cooking Stove, recently patented, which is destined to supercede all others, as it requires

ONE-THIRD LESS FUEL

than other stoves and is more easily, quickly and regularly heated. No unpleasant smell of gas arises from this stove from the fact that it is all consumed ere it can escape. There is no trouble from smoke as that unpleasant and often annoying exhalation is also consumed inside of the stove. Neither is there any danger of flues or chimneys becoming clogged with soot or the mortar loosened by the gas arising from coal fires.

Persons wishing to purchase stoves are invited to call at the store of the subscriber, in the Masonic Temple, and examine the above stoves. JOHN SHOEMAKER,

Sole Agent for Blair County.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

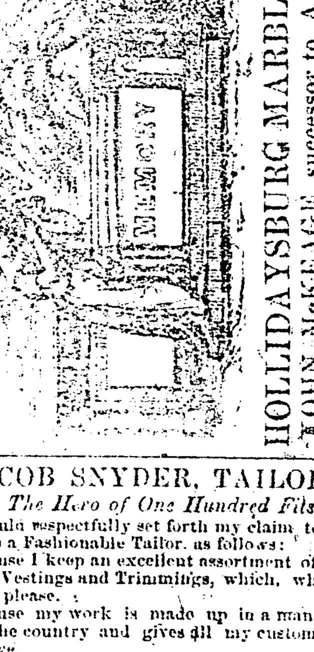

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

MOTHERS

Thousands are daily speaking in the praise of

DR. EATON'S

INFANTILE CORDIAL,

and why? because it *never fails to afford instantaneous relief* when given in time. It acts as if by magic, and *one trial alone will convince you that what we say is true.* It contains

NO PAREGORIC OR OPIATE

of *any* kind, and therefore relieves by *removing the sufferings* of your child, instead of by *deadening its sensibilities.* For this reason, it commends itself as the *only reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, GRIPING IN THE BOWELS, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, *for softening the gums, reducing inflammation, regulating the Bowels, and relieving pain*, it has *no equal*—being an *anti-spasmodic* it is used with *unfailing success* in all cases of CONVULSION OR OTHER FITS. *As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which all other remedies for Infantile Complaints are composed, take none but* DR. FIVE PREPARATIONS

adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS, inducing CONSUMPTION, use No. 1, which is also the No. for DEPRESSION OF SPIRITS, LOSS OF APPETITE, and for all CHRONIC COMPLAINTS, arising from OVER-USE, GENERAL DEBILITY, and NERVOUS PROSTRATION.
